--	--

Description

It consists of a body, the silhouette of which resembles a crescent moon turned "horns up" and a wire bracket with a bent end. The body is made of voluptuous halves, significantly expanded at the bottom and narrowed at the ends. It is decorated with relief bands and bulges of pseudo-grain, as well as wire braid. The "horns" of the earring are wrapped with thin wire, they end with four-petal rosettes cut from a smooth plate and emphasized with a wire. Bracket is inserted inside the socket.
