## Description

The vessel is hemispherical with a flattened top (bottom), near which are symmetrically placed two horizontal lugs of quadrangular outlines, raised up. The outer surface is covered with dark yellow engobe, polished, decorated with monochrome painting in brown colour. There are three stripes on the top. The side surface is divided into four parts by double vertical stripes — two opposite ones have lugs. The rest of the surface is covered with oblique ribbons of two or three parallel lines that cross each other and converge at an angle.
